

Hertz Rent-a-Car Opens New Rental Location at JFK Airport

The newest location is now open inside the Radisson Hotel JFK Airport.

Radisson Hotel JFK Airport

“Convenience has always been the name of the game in the car rental industry, and we’re proud to be able to offer our customers top level service from the minute they touch down at JFK Airport.”

New York, New York September, 2014

Hertz Rent-a-Car announced this morning, January 2, 2015, that it has opened the newest location inside the Radisson Hotel JFK Airport. Situated inside the hotel’s lobby, the location is designed to provide visiting travelers with quick and efficient access to the company’s extensive fleet of vehicles.

“Convenience has always been the name of the game in the car rental industry, and we’re proud to be able to offer our customers top level service from the minute they touch down at JFK Airport.”

Along with great vehicles and competitive pricing, customers of Hertz Rent-A-Car will also enjoy free transportation to any of JFK’s terminals thanks to a complimentary shuttle. Scheduled to run every 30 minutes, the shuttle will pick up and drop off customers at the Federal Circle stop of the Air Train. Customers can quickly notify Hertz of their arrival by calling the rental office and requesting a pick up.

Customers can also book online via the company’s website in order to ensure a rental is reserved and waiting for them upon arrival at the Radisson Hotel JFK Airport.

“We were very selective when it came time to picking the location for newest JFK office,” said Corey Walker, Area Manager for Hertz Rent-A-Car. “Not only is the Radisson conveniently located, but it also offers comfort that our customers have come to expect.”

Customers are encouraged to visit <http://www.hertz.com> for more information on the newest Hertz Rent-A-Car location, or to book their upcoming New York rental. For accommodations and packages please visit www.radisson.com
